

Analyzing ChIP-chip data using Bioconductor

Joern Toedling, Wolfgang Huber

June 27, 2009

This is only a placeholder. The real vignette has been pre-created since it takes quite some time to process.

Software versions

This tutorial was generated using the following package versions:

- R version 2.9.0 (2009-04-17), x86_64-unknown-linux-gnu
- Locale: LC_CTYPE=en_US;LC_NUMERIC=C;LC_TIME=en_US;LC_COLLATE=en_US;LC_MONETARY=C;LC_MESSAGES=C
- Base packages: base, datasets, graphics, grDevices, methods, stats, tools, utils
