

# Supplement: A tutorial on how to analyze ChIP-chip readouts using Bioconductor

Joern Toedling, Wolfgang Huber

June 27, 2009

## Contents

This is only a placeholder. The real vignette has been pre-created, since it takes quite some time to process.

## Software versions

This supplement was generated using the following package versions:

- R version 2.9.0 (2009-04-17), x86\_64-unknown-linux-gnu
- Locale: LC\_CTYPE=en\_US;LC\_NUMERIC=C;LC\_TIME=en\_US;LC\_COLLATE=en\_US;LC\_MONETARY=C;LC\_MESSAGES=C
- Base packages: base, datasets, graphics, grDevices, methods, stats, tools, utils
